

Angel - Jack Johnson

I've got an angel

She doesn't wear any wings

She wears a heart that can melt my own

She wears a smile that can make me

wanna sing

She gives me presents

With her presence alone

She gives me everything I could wish for

She gives me kisses on the lips just for

coming home

She could make angels

I've seen it with my own eyes

You gotta be careful when you've got good

love

Cause then angels will just keep on

multiplying

But you're so busy changing the world

Just one smile and you can change all of

mine

We share the same soul

Oh oh oh ohhh

We share the same soul

Oh oh oh ohhh

We share the same soul

Oh oh oh ohhh

Oh oh oh oh ohhh

Umm umm umm uhhhhhhmm
